

# Product Discontinuation Statement

This document outlines 2N TELECOMMUNICATIONS products that have been discontinued or will be discontinued.

## Discontinued Products

Discontinued product		Replacement Product		Final order date	Final support date
Name	Order number	Name	Order number		
2N® Access Commander Box	91379030	2N® Access Commander Box 2.0	1120120	31.05.24	31.05.27

## Reason

The OEM PC that the original 2N® Access Commander Box is based on is no longer being manufactured. The new 2N® Access Commander Box 2.0 builds on the success of our small form factor PC and introduces a faster and more capable device supporting installations up to 7000 connected devices.

## Final Order Date

The Final Date that a Discontinued Product can be purchased from 2N is indicated in the table above.

Please note that an unforeseen increase in demand can cause that the products are out of stock before the final order date.

## Support and RMA Policy

2N TELECOMMUNICATIONS will continue to give hardware support and RMA service for 3 years after the discontinuation date.

As long as the product is within the warranty period and it is not warranty void, the warranty terms for RMA still apply.

2N TELECOMMUNICATIONS RMA service will be based on the discontinued product as the primary alternative. When this is not possible, the replacement product will automatically be the alternative stated in the table above.

Prague, Czech Republic, April 12, 2024
